

NOTES OF GUIDANCE FOR APPLICANTS

Overview

The ABZ Propeller Fund was established to ensure local communities share in the success of Aberdeen International Airport. It provides financial support to community groups and charities that are committed to improving the opportunities, facilities and services available to local people.

Funding criteria

The ABZ Propeller Fund makes donations to those projects within proximity to the airport, in the areas most affected by the airport's operation. Typically, these projects are in the relevant parts of Aberdeen City and Aberdeenshire.

Funds come directly from Aberdeen International Airport itself which makes an annual donation to the ABZ Propeller Fund.

Investment is focused in three key areas:

- **Economic Regeneration**
We recognise the importance of making sure the future workplace is equipped with the skills that society and industry demands and by supporting specific projects we aim to help young people in the community reach their full potential.
- **Sustainability**
To underpin our commitment to making a positive contribution to the environment, the ABZ Propeller Fund supports those projects with a focus on protecting and enhancing our natural environment, sustainability and wellbeing.
- **Education**
The ABZ Propeller Fund supports social and educational projects which are designed to bring positive benefits and to change the lives of people in the communities we serve.

How are applications assessed?

The ABZ Propeller Fund is competitive, and each application is considered on its individual merit. Those applications that make the most convincing arguments for funding are most likely to succeed.

Representation on the ABZ Propeller Fund includes employees of the airport and representatives from local council and government.

The ABZ Propeller Fund currently does not accept funding requests that are more than £3,000.

Are there any types of applications unable to get funding?

Yes. Funding will not be available for:

- Activities taking place outwith the local community.
- Applications made by an individual alone.
- Capital expenditure spend on equipment or upgrade works for schools.
- General running and operational costs including this includes both staff and tutor costs.
- Travel costs.

The ABZ Propeller Fund will not provide funds for commercial sponsorship, to individuals, for third party advertising or political campaigning.
